We will charge \$6 per hour of the program that is used by students. Parents will be billed at the end of each week. Before/After Care (BASC) will be available for 11:45am dismissal days and also for 3:20 dismissal days. There will be NO BASC on Full E-Learning Days. Please answer all questions that are prompted during registration.

Maximum Enrollment – 2 Groups of 15 participants for a total of 30 participants

Welcome to the Before/After School Care (BASC) Program at Gower District 62. The Burr Ridge Park District is honored to be given the opportunity to once again serve the needs of all working parents and their children in the Gower School District. The Park District prides itself in providing a safe, recreational and educational program for every child enrolled in our program. We are following all safety protocols from the school and from the IDH. Masks will be work except when students are outside playing.

The BASC program will have its own on-site phone and during operational hours, staff will be available to answer your calls. During non-operational hours messages may be left on voice mail and someone will return them as soon as possible. The Burr Ridge Park District is happy to be responsible for this program, therefore please direct all calls, comments or concerns to the Park District and not to the School District.

We are certain that this program will be a positive experience for everyone.
