Philosophy: Fun is Academic

Our program is based on the fact that children learn through play. Contrary to the notion that play is frivolous; we believe play is purposeful and worthwhile. It is during playtime that many of life's skills are formed. Through play, children will learn about friendship, problem solving, respect, analytic thinking, cooperation, communication and much more! What makes play so wonderful is that it engages all the senses. They are not just learning it or seeing it they are doing it! Play is a child's realm. It's their natural method of figuring out the world.

Burr Ridge Park District preschool age classes follow the standards and recommendations set forth by the Illinois Early Childhood Standards and Benchmarks to prepare children for kindergarten.
