AM ONLY PER WEEK

\$35 PER WEEK

PM – DISMISSAL UNTIL PICKED UP

\$6.50 PER HOUR

Welcome to the Before/After School Care (BASC) Program at Gower District 62. The Burr Ridge Park District is honored to be given the opportunity to once again serve the needs of all working parents and their children in the Gower School District. The Park District prides itself in providing a safe, recreational and educational program for every child enrolled in our program. Our Director, Gina Macchia has over 20 years' experience in the school system and at the Park District. We do not operate on days off or E-Learning Days but we do offer After School on ½ Days at the \$6.50 rate per hour.

The BASC program will have its own on-site phone and during operational hours, staff will be available to answer your calls. During non-operational hours messages may be left on voice mail and someone will return them as soon as possible or call the Burr Ridge Park District at any time for additional information or in case of emergency. Parents will receive cards with all Park District and BASC contact names and phone numbers. The Burr Ridge Park District is happy to be responsible for this program, therefore please direct all calls, comments or concerns to the Park District and not to the School District. We are certain that this program will be a positive experience for everyone.

**Students must bring their own water
bottle and an afternoon snack**
